Family Corner

We are proud to introduce yet another Japura family in our first publication in 2017. Both Christy Amaranath Fernando & Dilupa Jawewardena are Japura graduates who have made Australia home since 2007.

In addition to his accomplished financial profession, Christy Amaranath is a talented musician who is in much demand for Melbourne musical scene. Winner of the prestigious W.D Amaradewa award at "Nalamudu Suwada Singing Competition" organised by the University of Sri Jayawardenapura, Christy continues to enjoy singing and playing instruments even today. Further, he spends time teaching young kids' music and how to live a balanced life which we believe is very important in today's gadget driven society. Christy's lovely wife Dilupa is also a Japura graduate and an experienced finance professional based in Melbourne.

Christy and Dilupa are proud parents of two beautiful and talented daughters, Christine and Amanda. Christine (16) and Amanda (10) are both following their father's foot steps and already showing signs of great musical and dancing talents. They both featured in recent public performance of the "Friends for Life" concert in Melbourne.

Christy and the family are life members of the Japura Alumni since its inception back in 2008.

Please e mail a family photograph and a short description of your family to japuraalumni@gmail.com for future publication considerations at Japura Family Corner.
