

## The New looks of 2011

2011 brings many new movies onto the screen for Bollywood fans! I thought about sharing with all the readers some new looks that our stars are adopting for their ventures this year. Enjoy!

Shahrukh Khan Character Don in "Don 2" will be seen in a jail experiencing the "thrills" of going to prison (I assume he will punch out someone!). Recent pictures were released, showing the extensive changes Shahrukh has been undergoing to sport this new "Jail look". Don 2 will be out in cinemas this year in December.

Salman Khan appears in a quite nerdy outfit in his new production, "Ready" which is due to release this May. The Salman - Asin starrer is currently being filmed in none other than Sri Lanka!

## "Ra. 1"

"Ra. 1" shows Shahrukh as a super human being. His character G. 1 is the all powerful super hero father and for this movie Shahrukh sports a completely different, classy look - very electrifying! Ra. 1 is said to release in October 2011.

It's been hard to miss that Shahid has been sporting a new look lately and it's all because of the upcoming film "Mausam" also starring Sonam Kapoor. This baby faced actor is set to rock four different looks in the love story between Rohan and Aayat. The four styles represent the four seasons. Shahid will go from wearing a beard in winter to sporting a summer look, an autumn aura and a spring style. Shahid is also maintaining a beard to go with his four season look!

Deepika Padukone decides to reveal a bit of skin in her newest movie "Dum maro dum". Deepika makes a special appearance in the title song (Dum Maro Dum).
