Monash Uni, Wellington Rd, Clayton VIC 3168

Date: Thursday, 15th February 2018

Time: 6.30 to 8.30 PM

The Venerable Galkande Dhammananda is actively engaged in promoting an inclusive plural society through engaging in issues related to social justice and harmony. He has been promoting these values and the message of non-violence through the recent inter-ethnic and inter-religious conflicts in Sri Lanka. The Walpola Rahula Institute offers educational and training programs to religious leaders and lay persons with the aim of promoting social healing.

Over the years he has been in dialogue with religious leaders on issues relating to social justice and healing. He also wishes to support others to enter into similar dialogues, calling for one to work beyond religious, ethnic or social labels, to actively uplift the society - especially supporting those who are vulnerable, marginalized and discriminated.
