

# The Mysterious Noise!

Once upon a time, there was a little girl named Lily. She was six years old. She lived in a little house on a big hill next to a beach with her mum and dad.

It was night time for Lily. The wind whooshed and the trees swayed because of the wind. Lily shut her eyes. Then she heard a rumble. She quickly ran to her mother's room and said there was a scary noise. Her mother said it was just the washing machine. Lily checked if her mother was right. She took a torch as well. Her mother was right. Then she went back to sleep.

When she shut her eyes again she heard another scary noise. Ahhhh! It was scarier than the other noise! She ran back to her mother's room and said there was another scary noise. Her mother said it was just the trees knocking on the window. Lily checked if her mother was right and she was.

When she shut her eyes again she heard another mysterious noise! It went boom! Boom! Knock! Knock!! She ran to her mother's room again. Her mother said now she did not know what that noise was. They both said Ahhhhh! Then the door was opened and someone came to their room and said WHAT HAPPENED? Lily and her mother laughed. It was only Lily's dad. What happened, he asked.

Long Story! Then they all went to sleep.

The End.
